Dear Rick:

I wanted to take this opportunity to express the sincere appreciation of myself and the Planning Committee for West Virginia's Celebration of National Hunting & Fishing Days for your continued support and attendance at our event at Stonewall Jackson Lake Resort State Park.

Your presence for the last seven years with your air rifles and targets from the Mountain State Field Target Association has provided our event with a highly enjoyable, yet sophisticated and safe shooting activity that is perfect for introducing both children and adults to the challenge and pleasure of the shooting sports...just what we need to reach new people in a non-threatening way.

We realize our event must be difficult for you...facing long lines of eager children and their parents each September at Stonewall. I know you hardly have time to eat lunch during the show because of the interest in your air rifles and the challenge of dinking over a target. However, we look forward to seeing you there because you add so much...for both kids and adults.

See you in September.

Sincerely,

Marshall Snedegar
Special Projects Coordinator
